

PRO *grace*®

2025 Impact Report

Beyond the Binary

PRO*grace*[®]

Beyond the Binary

Together, we're helping Christians across denominational and political lines reframe the abortion conversation with a Jesus-centered approach that rises above the pro-life/pro-choice divide.

Our Mission

Your 2025 partnership has made an incredible impact.

Many Christians sense something is off in how we engage this conversation—but they lack a clear, faithful way forward. Without that clarity, the Church is not always experienced as a place people can turn.

Because of your partnership, that is beginning to change. Christians are learning how to approach the abortion conversation with grace—and it's changing how they show up in their churches, relationships, and communities.

You are part of a community choosing a different way forward.

Together, we are seeing the ProGrace movement grow as more people are equipped to think, speak, and engage differently.

Thanks for partnering!

Founder & CEO

A Strong Foundation for Growth

Our transformation pathway begins with the ProGrace Framework—a clear, Jesus-centered foundation for engaging the abortion conversation, rooted in core theological truths that bring healing to division.

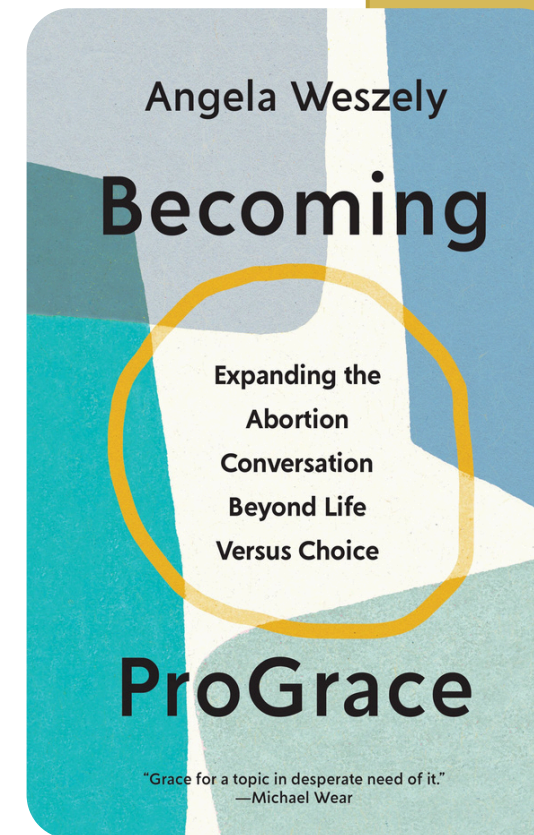

The ProGrace Framework

from
pro-woman vs. pro-child → to
Equal Value, Equal Dignity
for the imago Dei in every person

from
judgment, control,
or avoidance → to
Transformed by Grace
for responding like Jesus

from
left vs. right → to
Shared Values
above political allegiance

from
blame, shame, and guilt → to
Our Shared Responsibility
to improve realities for everyone

Thanks to your partnership, Angie was able to combine her story and The ProGrace Framework into her book, Becoming ProGrace (released Feb. 2026).

This book will be foundational for reaching more Christians with our vision for the Church!

“Discover ProGrace encourages me to want to look like Jesus and ignites a passion in me to help the Church look more like Jesus.”

–Discover ProGrace Participant

A Transformation Strategy

We also solidified our strategic approach in 2025, with a focus on impacting different types of leaders who can then influence others.

Champions

broaden the message

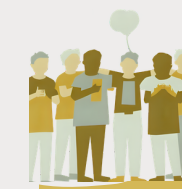

Use their voice and platform to amplify and share this grace perspective

Advocates

embody the message

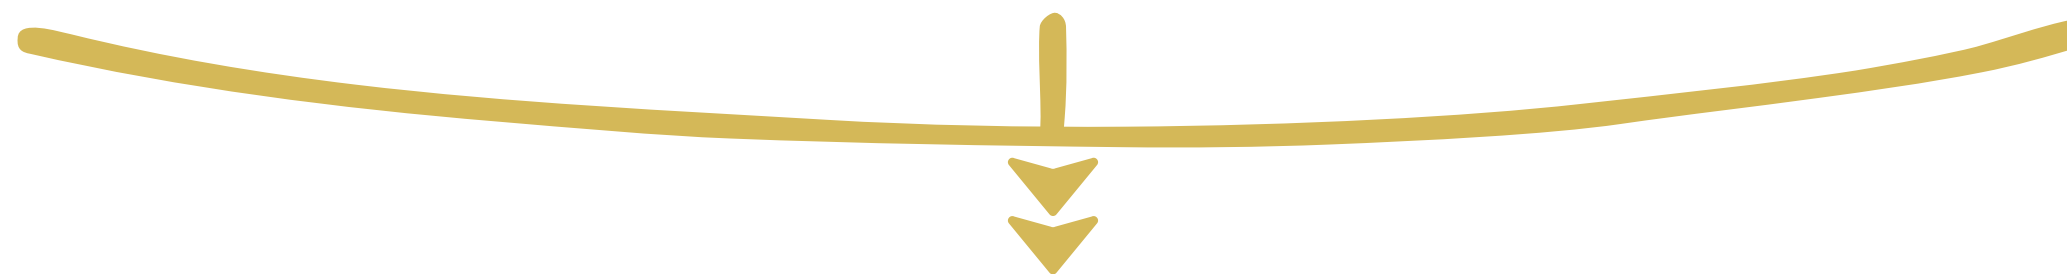

Lead deeper conversations of grace in their families, churches, and communities

Builders

institutionalize the message

Integrate grace-centered values throughout their organizations or churches.

Transformed Communities

Together, these communities can form a movement within the Church!

Transformation We Measure

Christians aren't just thinking differently—they're gaining language and a clearer way to engage this conversation with grace.

Your support made transformation possible for participants in our flagship course, Discover ProGrace. Everything changes when participants engage with experiential, grace-centered content rooted in Jesus' stories.

96 Advocates equipped in 2025—and a total of 738 Advocates from 2023–2025!

90% say it elevates their conversations beyond politics

96% can envision using ProGrace language to engage others

100% feel renewed motivation to reflect Jesus' heart

Transformation that begins within individuals...

Multiplication We Trust God to Do

...and multiplies outward through leaders, organizations, and communities.

In 2025, your support expanded this work through 12 Builders and 10 Champions across 26 organizational partnerships. As Christians reframe the abortion conversation beyond the pro-life/pro-choice divide, they are reaching thousands of people navigating unintended pregnancy or abortion each year.

12 *direct service organizations* are transforming as Builders integrate an Equal Value, Equal Dignity foundation throughout their teams and programs.

15,000 *people navigating unintended pregnancy or abortion* are encountering grace instead of rhetoric through these transformed organizations.

10 *additional affiliations* — with referral partners and Champions — are linking program participants with diverse ministries united by a shared vision of grace.

**We envision multiplication that ultimately shapes the Church
*so that together, we reflect Jesus more clearly.***

Your Multiplication Impact through an Advocate

Stacey's story

As a pastor's kid, Stacey saw pregnant women and girls judged instead of supported. She knew the church couldn't be trusted to respond with grace to her own pregnancy, so abortion felt like her only option.

She carried the story in silence for 15 years before confiding in her friend and pastor David.

Shortly afterward, Stacey discovered ProGrace through a podcast and was inspired to rewrite that narrative, for herself and others.

First, Stacey and David completed Discover ProGrace to bring this equal-value paradigm shift to their church. Then they started a group for women with lived experience of abortion, providing an authentic experience of grace in a faith community.

And the impact goes beyond that: The entire church is experiencing healing as they find a Christlike way to think and talk about abortion.

Because of your support, Stacey didn't just experience healing for herself—she is now helping others experience that same grace in her church.

"The ProGrace message was the first time I heard Christians holding the woman as equally valuable as the child."

Your Multiplication Impact through a Builder

Tiffany's story

Tiffany is Director of Operations at a nonprofit with 7 locations across Phoenix. They serve over 1,000 women and girls each year facing crises, including unintended pregnancies.

Their team has felt tension between their identity as a Christian organization that deeply values the child *and* their equally strong commitment to care for the woman's needs and well-being.

"This political climate is divisive and toxic on both sides. Watching the way the Church was responding with anger or judgment just didn't feel right," Tiffany reflects.

The ProGrace Framework was the solution their staff needed. "Anchoring our practices in the approach helped us communicate what was already in our hearts—a desire to serve women in need."

The relief and excitement Tiffany feels in being able to communicate the heart of Jesus in the abortion conversation is contagious! **Thanks to your partnership, her organization has now helped several local churches adopt the ProGrace approach.**

"When we found ProGrace, we thought, 'This is it!...' [helping] us communicate what was already in our hearts."

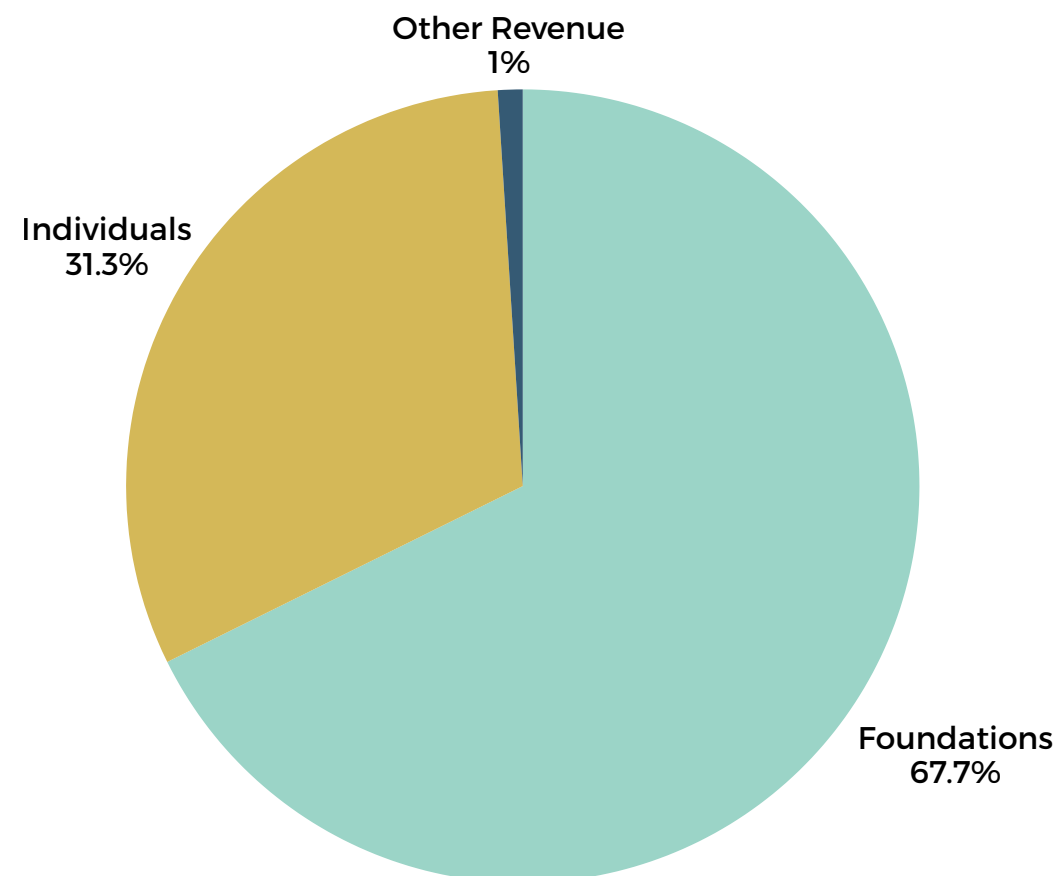

Financial Overview

Here's how the ProGrace Community came together to support transformation throughout the Church in 2025:

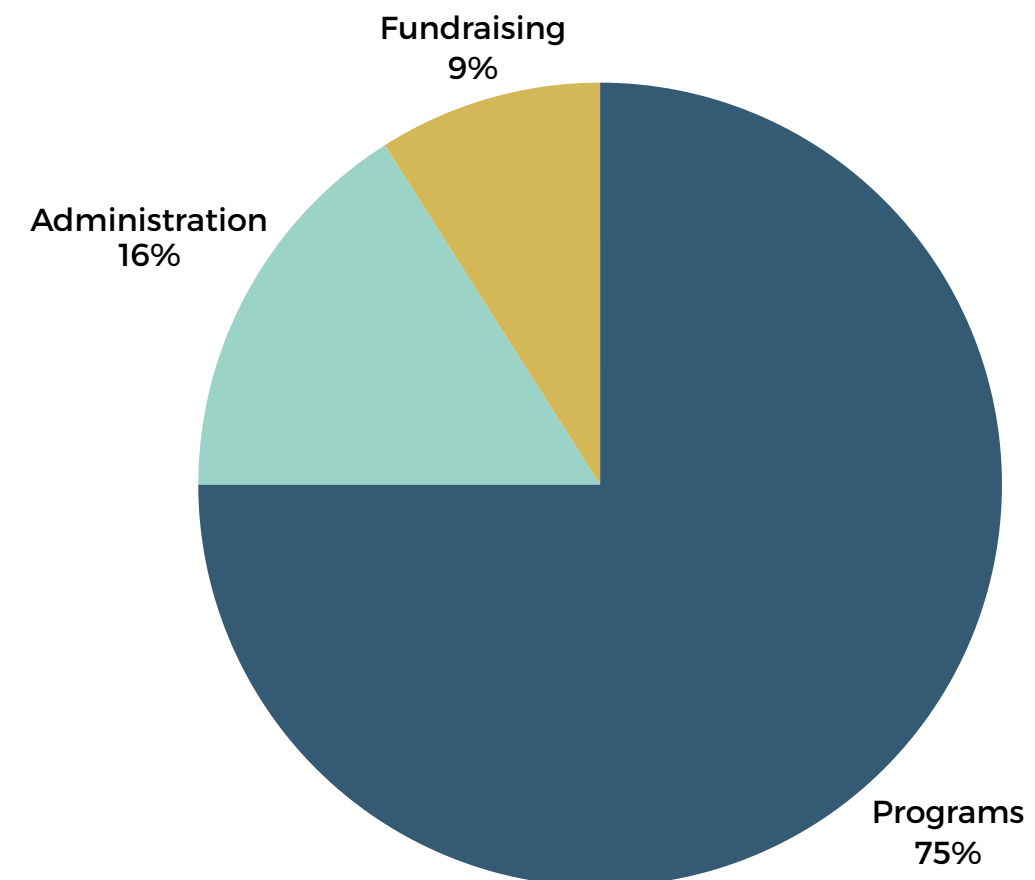

2025 Revenue

\$396,890

Unaudited Financial Statements

Five-Year Allocation Average

Three-Year Strategic Priorities

Our shared vision for impact is guided by these three strategic priorities for helping Christians reframe the abortion conversation with a Jesus-centered approach. With your continued partnership, we will expand our reach, strengthen our connections, and build for sustainable growth.

Amplify Reach and Influence

Establish thought leadership and elevate our proven message to expand visibility through key platforms

Strengthen Community & Transformation Through Technology

Foster deeper connection and ongoing transformation with new content-delivery and community-building strategies

Build for Sustainable Growth

Engage key people and organizations to broaden impact and cultivate new partnerships for increased impact

Strategic Moment, Lasting Impact
